

What will you give up?

Michigan Governor Rick Snyder wants to tax your pension. He needs your money to help pay for a \$1.8 billion tax giveaway to corporations.

Under the Republicans' proposal, someone with a pension of \$30,000 could pay as much as \$1,305 a year in additional taxes. That works out to \$108 a month.

So what will you give up to help Gov. Snyder and Michigan's CEOs? Some groceries? Your phone? A couple tanks of gas? Your heart medicine? Birthday gifts for the grandkids? There are lots of options to choose from and it's not too soon to start thinking about where you can cut back.

Or we can act now to prevent this raid on our pensions. With Republicans in control of the state legislature and the governor's mansion, the new tax on your pension has a good chance of passing. That is, unless we stop it.

Call your state legislators today!

House: 517.373.6339 - Senate: 517-373-2400

Tell them you worked your whole life to earn your pension and you don't think it's fair for them to finance a massive new tax break for corporations with your hard-earned money!

Then tell your family and friends, neighbors, church members, store clerks and everyone else you know in Michigan about the Republican plan to tax their pensions, and ask them to call too!

Together, we can stop a new tax on our pensions!
